

## Impact of the Sport Premium Funding at St Mary's

### 2013-2014

- Introduction of the sports council- greater awareness and appreciation of sport throughout the school
- Up skilled staff, team teaching with professional coaches
- Increased number of sports clubs including the Infants with involvement from parents
- Greater sense of community with increased inter-borough connections
- Enhanced provision supported by sport impact
- Audit of staff expertise
- Sports Vision statement- children have clear aspirations
- Enhanced curriculum with cross curricular PE
- Gym INSET- increased confidence of staff
- The ipads have allowed the children to have more independence in monitoring their own progress in PE and have enabled them to be inspired and motivated by professional athletes before learning and practising a skill
- Local students supporting playtimes and lunch time supporting physical activity and positive competition

### 2014-15

- Introduction of the school House system- increased competition in school sport and continued to increase the awareness and enjoyment of sport
- School playground markings encouraged more physical activity at play times and lunch times
- Balance bikes in Reception have supported all children with their gross motor and balance skills and spatial awareness
- Pupil questionnaire gave every child a voice and encouraged them to join a club. The feedback meant we booked inspire days, with local clubs visiting to teach every child a new sport
- Every child had the opportunity to be coached by local rugby players in a 'coaching challenge day' increasing involvement and enjoyment in sport for every child in every year group and each of our three school sites
- A greater number of teachers worked alongside professional coaches, with a 100% success rate in improving confidence and ideas for teaching PE
- Each term every class enjoyed competing in a 'fit challenge'. Children practised in the playground and sports reps used these challenges to support and lead the warm ups in PE.
- The Infant site took part in a whole site 5 minute 'Wake and Shake', increasing their attention in lessons.

## 2015-2016

- High quality CPD with 'Elms' Sports- Two mornings a week. Allowing teachers to see how best to teach a range of PE-games, dance and gym. The facilitator was the same person as the previous two years, providing continuity. A survey showed 100% of staff who had this opportunity said it developed their PE teaching. All year groups and staff who wanted this opportunity were able to experience it- **£5,700**
- Children on all sites took part in Inspire days for Hockey and Basketball. Pathway is Teddington Hockey and Richmond Knight's basketball (2 clubs held at St Mary's). New hockey club established on the Junior site.
- Skip2be initiative day across all sites. **£1,200**
- Increase of playground resources for a healthy, active playground including a four square on each site. **£1,000.**
- CPD for the PE lead, Skip2benefit and Imoves. **£200**
- Resources for the playgrounds and curriculum schemes. **£400**
- Payment for Marble Hill. Children enjoy increased space and grass for PE lessons and extra-curricular. **£1,000**

Total: £9,500

Proposal for 2016-17:

- Develop further the initiative of Imoves dance across the school
- High quality CPD for teachers using external coaches to support PE lessons.
- Inspire days
- Professional development of new PE coordinator.
