Dear Parents and Carers,

Now more than ever, it is important to know what our children are doing online so we can help keep them safe. Social media and the online world move at such a speed that it is impossible for schools and parents to always keep pace. The Safer Schools App aims to help with this.

We are delighted to invite you to **download our new Safer Schools App.**

### About the App

Through the Safer Schools app, you will get access to information that is relevant to you and your child/ren and will receive tips and advice on how to keep them safer online. Notifications may include a harmful video link being spread on social media, a video game being played which encourages sharing personal Information and much more. The app also gives parents and carers quick and easy access to COVID updates, digital news, e-safety videos, quizzes and surveys, all in one place.

***Make sure to enable push notifications to keep up-to-date with our tips, advice and guidance on how to make your children safer.***

### How to download the app and set up?

Search for the Safer Schools App on your android or iPhone. Once downloaded, open the app and search for our school: St Mary's CE Primary (Richmond) – there is more than one St Mary's so please select this one. Finally, enter this code: 7440.

Whilst we appreciate parents and carers often feel they receive lots of information, we really do encourage you download this app; many local schools, and schools across the country, have found it a great help.

Best wishes,

Angela Abrahams  
Headteacher
