### Engineering measures

Strafford Road Site has been open for more than 8 years now. We were and still are are extremely concerned at the traffic coming down Strafford Road and not being aware that there is a school there even though there are signs. With several consultations we have managed to improve this by raising the crossing a front of the school. Now this work has been done, raised table is on the site. The building works by our MS are completed. New school Capella House has open in September 2021.

### Other travel information

Our school has an over riding ethos of sustainable travel and sustainable lifestyles. This has been achieved by a filtering through from the SLT, staff and governors with initiatives such as bike club and whole school events such as the giant walking bus to promote road safety to promote healthier lifestyles and less traffic coming on the school journey.

### Notes about travel in the area

Changes in December 2020. Cut route H22 back to Twickenham – as original proposal – but also extend it from Twickenham to West Middlesex Hospital. Extending route H22 from Twickenham to West Middlesex Hospital will retain many of the links that are broken by the withdrawal of route 110. It also creates new links for the centre of Whitton.
